

# How to print the DAWN Book of Quotes

If printing on regular, white, 8.5" x 11" paper:

1. Print all pages of book (10 pieces of paper).
2. For every 2 pages, turn the second one so that it is back to back with the one before it.
3. Stack the pages in the middle so that the front and back cover are on the bottom and the pages are in order.
4. For best results, "score" the pages along the light gray line where the fold will be (with a ruler and a bone folder or other semi-pointed tool).
5. Fold in the middle along the gray line with the front and back cover on the outside and the pages in order.
6. Staple or sew using a "saddle stitch" pattern on the fold.
7. If you like, tape the edges of each two pages together here and there with clear tape.

If printing on thicker, white, 8.5" x 11" cardstock:

1. Print page 1.
2. Print page 2 on the back of page 1.
3. Repeat until you've printed them all (5 pieces of cardstock printed front and back).
4. For best results, "score" the pages along the light gray line where the fold will be (with a ruler and a bone folder or other semi-pointed tool).
4. Fold in the middle along the gray line with the front and back cover on the outside and the pages in order.
5. Staple or sew using a "saddle stitch" pattern down the fold.
